EDUCATION

MANIT, Bhopal — B.Tech (Electrical Engineering)
2017-2021 8.33/10.0 CGPA

Father Agnel School , Greater Noida — Intermediate
2016 87.4%

Father Agnel School , Greater Noida — High School
2014 9.4/10.0 CGPA

EXPERIENCE

Supra ITS, Noida - Intern

December, 2019 - January, 2020

- Created Machine Learning models for the data analytics of the sales of the company.
- Designed a model for the sentiment analysis of tweets based on the categories like sales and demands.

Coding Blocks - Campus Ambassador

September, 2019 - Present

- Conducted seminars and workshops for students covering several topics like Algorithms, Machine Learning and Kotlin.

PROJECTS

Solar Power Forecasting using Machine Learning

January , 2020 - April , 2020

- A ML model was developed based on a random forest regressor to predict the generated output power of solar photovoltaic cells.
- The input parameters considered were atmospheric pressure, humidity, solar irradiance and temperature.
- Another model was developed based on ARIMA modeling to forecast and verify the results of the regressor model.

SKILLS

- C++
- Data Structures
- Algorithms
- MySQL
- Machine Learning

LANGUAGES

- English
- Hindi
