

Jatin Sharma

Machine Learning and Software development enthusiast

Mobile - +91-8433264423

Email - sjatin633@gmail.com

Portfolio - js0805.github.io

EXPERIENCE

Supra ITS, Noida - Intern

December, 2019 - January, 2020

- Created Machine Learning models for the data analytics of the sales of the company.
- Designed a model for the sentiment analysis of tweets based on the categories like sales and demands.

Coding Blocks - Campus Ambassador

September, 2019 - Present

- Conducted seminars and workshops for students covering several topics like Algorithms, Machine Learning and Kotlin.

EDUCATION

MANIT, Bhopal — B.Tech(Electrical Engineering)

2017- 2021 8.33/10.0 CGPA

Father Agnel School , Greater Noida — Intermediate

2016 87.4%

Father Agnel School , Greater Noida — High School

2014 9.4/10.0 CGPA

PROJECTS

Solar Power Forecasting using Machine Learning

January , 2020 - April , 2020

- A ML model was developed based on a random forest regressor to predict the generated output power of solar photovoltaic cells.
- The input parameters considered were atmospheric pressure, humidity, solar irradiance and temperature.
- Another model was developed based on ARIMA modeling to forecast and verify the results of the regressor model.

SKILLS

- C++
- Machine Learning
- MySQL
- Data Structures
- Algorithms

LANGUAGES

- English
- Hindi
